## PART I Introduction

<b>1 Out-of-the-Box Oracle Application Server Portal Technologies .....</b>	<b>3</b>
Logging in to OracleAS Portal for the First Time .....	5
Getting Around in OracleAS Portal .....	7
A Quick Tour of OracleAS Portal Pages .....	13
The Build Tab .....	13
The Administer Tab .....	15
OracleAS Portal Navigator .....	19
The Help System .....	31
Creating an OracleAS Portal User .....	32
Portlets .....	44
Types of Portlets .....	45
OracleAS Portal Content .....	45
Content Item Types .....	46
Built-in Navigation Types .....	47
Declarative Development .....	48
The OracleAS Portal Wizards .....	49
Creating Your First OracleAS Portal Objects .....	50
When to Use the OracleAS Portal Wizards .....	66
OracleAS Portal Page Design .....	66
Page Groups .....	66
The Edit Page Window .....	68
Adding Portlets .....	69
Regions .....	71
Styles .....	74

Templates .....	76
Navigation Pages .....	78
Page Properties and Page Group Properties .....	81
Exercises .....	84
Summary .....	85
<b>2 OracleAS Portal Responsibilities within an Organization .....</b>	<b>87</b>
Skill Sets .....	88
Developers .....	89
Content Managers/Approvers .....	96
Page Designers .....	97
Administrators .....	97
Exercises .....	99
Summary .....	100

## **PART II**

### **Page Design and Content Management**

<b>3 OracleAS Portal Page Design .....</b>	<b>103</b>
Pages and Page Groups .....	105
Page and Page Group Properties .....	118
Page Group Properties .....	118
Page Properties .....	120
The Remaining Links .....	123
Page Design .....	124
Region Properties .....	127
Adding Portlets to Your Pages .....	131
Other Page Elements .....	137
Styles, Attributes, Page Types, and Item Types .....	139
Exercises .....	143
Summary .....	144
<b>4 Advanced Portal Page Design .....</b>	<b>145</b>
HTML Templates .....	148
HTML Page Skins .....	150
HTML Content Layouts .....	167
Exercises .....	200
Summary .....	201
<b>5 Content Management .....</b>	<b>203</b>
OracleAS Portal Content Management Features .....	204
Items .....	205
Searching OracleAS Portal Content .....	216
Advanced Search .....	221

Page Group Attributes .....	222
Getting Content Approved .....	223
Working with Rejected Items .....	236
Using Oracle Drive .....	240
Automating Content Addition .....	246
WebDAV .....	246
The Content Management APIs .....	247
Setting the Context .....	248
Determining Page Group IDs .....	250
Determining Page IDs .....	251
Determining Region IDs .....	253
Determining Item IDs .....	255
Using the Content Management APIs .....	255
Exercises .....	272
Summary .....	272
<b>6 OmniPortlet and Web Clipping .....</b>	<b>273</b>
What Is OmniPortlet? .....	274
The OmniPortlet Wizard .....	276
Page Parameters .....	298
Web Clipping .....	304
Using Web Clipping .....	304
Exercises .....	310
Summary .....	312

## PART III

### Development

<b>7 Writing Portlets with Java .....</b>	<b>315</b>
Step 1: Download the Portal Add-in for Oracle JDeveloper .....	317
Step 2: Install the Portal Add-in for JDeveloper .....	318
Step 3: Download the OracleAS PDK .....	319
Step 4: Understand Portlet View Modes .....	320
Step 5: Check the Installation of the Portal Add-in in JDeveloper .....	322
Step 6: Decide Which Type of Portlet to Build .....	323
Open Standard: JSR 168 .....	325
The Oracle PDK .....	325
Step 7: Use the Wizard to Build the Portlet .....	326
Building an Oracle PDK-Based Portlet .....	326
Building a JSR 168 Portlet .....	337
Step 8: Add Business Logic .....	348
Step 9: Establish a Connection to an Application Server .....	348
Step 10: Deploy and Register the Portlet .....	352

Revisiting the Add Business Logic Step .....	358
Exercise .....	371
Summary .....	371
<b>8 Advanced Development Topics .....</b>	<b>373</b>
Service-Oriented Architecture .....	374
Goals of an SOA Application .....	376
OracleAS Portal: The Face of SOA .....	377
OracleAS Portal and SOA: The Challenges .....	379
SOA and What It Addresses .....	380
Where Do I Start? .....	388
Summary .....	390
Oracle Resources .....	391

## PART IV Administration

<b>9 Site Administration and Performance Tuning .....</b>	<b>395</b>
What Is Administration? .....	396
OracleAS Portal Administration: The Services Portlet .....	398
Main .....	398
Configuration .....	399
SSO/OID .....	400
Cache .....	401
Mobile .....	401
Proxy .....	401
Search .....	401
OracleAS Portal Administration: The Export/Import Transport Set Portlet .....	406
OracleAS Portal Administration: The Oracle Reports Security Portlets .....	422
OracleAS Portal Administration: The User Portlets: User, Portal User Profile, Group, Portal Group Profile .....	424
OracleAS Portal Administration: The Portlet Repository Portlets .....	424
OracleAS Portal Administration: The Remote Providers Portlets .....	426
OracleAS Portal Administration: The Remote Provider Group Portlets .....	430
OracleAS Portal Administration: The Database Subtab .....	431
Personal Pages .....	431
Self-Registration .....	433
Self-Registration Step 1: Create the Welcome Page .....	435
Self-Registration Step 2: Customize the Login Portlet .....	436
Self-Registration Step 3: Make the New Page the Welcome Page for Your Site .....	438
Performance Tuning .....	440
Implementing SSL .....	448

Configuring SSL to OracleAS Single Sign-On Using the SSL Configuration Tool .....	452
Securing OracleAS Portal Pages .....	454
Using the Log Loader .....	463
The OracleAS Portal Diagnostics Assistant .....	468
Exercise .....	471
Summary .....	471
<b>10 OracleAS Portal Users and Security .....</b>	<b>473</b>
How OracleAS Portal Handles Security .....	474
Seeded Users .....	476
Default Schemas .....	477
Creating Users .....	478
User Privileges .....	480
The Portal User Profile .....	484
Preferences Tab .....	484
Privileges Tab .....	486
Creating Groups .....	495
Object Privileges .....	496
Portlet Security .....	499
Page Security .....	504
The Root Page .....	506
Exercise .....	516
Summary .....	516

## PART V

### Miscellaneous

<b>11 Integrating Forms, Reports, and Discoverer into Portal .....</b>	<b>519</b>
Benefits of Integration .....	521
Native Support .....	522
Component #1: Oracle Reports .....	523
Reports Integration Method #1: Using the Portal URL Component .....	528
Reports Integration Method #2: Using the Native Portal Method .....	534
Reports Server Administration .....	537
Component #2: Oracle Forms .....	538
Securing the Form's URL .....	540
Component #3: Oracle Discoverer .....	547
Registering the Discoverer Portlet Provider .....	547
Creating a Discoverer Connection in Oracle Application Server 10g .....	550
The Edit Worksheet Portlet Defaults Wizard .....	555
Summary .....	559

**12   Oracle Instant Portal .....561**  
    **What Is OracleAS Instant Portal? ..... 562**  
    **Why Does OracleAS Instant Portal Exist? ..... 562**  
    **Limitations ..... 563**  
    **Your First Instant Portal ..... 563**  
    **Adding Content Manually ..... 572**  
    **Adding Content with Oracle Drive ..... 573**  
    **Defining a Landing Page ..... 574**  
    **Summary ..... 575**

**PART VI**  
**Appendixes**

**A   Future Direction of OracleAS Portal .....579**  
**B   OracleAS Portal Resources .....581**  
**C   Exercise Commentary .....585**  
  
**Index .....589**
